

Name: \_\_\_\_\_

You'll need:

- ◆ 1 pitcher or large jar
- ◆ 1 small cup
- ◆ 4 pennies, 4 nickels, 4 dimes, 4 quarters
- ◆ paper
- ◆ pencil
- ◆ water

1. Put the small cup in the bottom of the pitcher.
2. Slowly fill the pitcher with water.
3. Drop one coin at a time into the pitcher and try to get it in the cup.
4. Use a tally chart to record the number of coins that fall in the cup.
5. Fill in the pictograph below to share your results.
